

## Erratum

### Phase relationship and absorption coefficient for acoustic wave propagation in *n*-indium antimonide

R Y Thakur *Indian J. Phys.* **68A**(1), 71–76 (1994)

We desire to note down the following mis-prints and subsequent corrections thereof in the above-titled paper.

Pages/Locations	to be read	in lieu of
72 [end of last but 1st line]	, (comma) in between words <i>time</i> and <i>so</i> and then so.	(stop) and then So.
73 [2nd section in eq. (5) and 1st line after eq. (5)]	$\tau$	$\zeta$ and $\gamma$ respectively
74 [in eq. (9)]	Re	$R_c$
75 [in eq. (15)]	$\frac{1}{4\pi^3}$	$\frac{1}{4\pi^2}$
76 [2nd line of last text para]	[14] in between be and $n_0$	[14] in between words <i>parameters</i> and <i>used</i> .
76 [in ref. (6)]	C F Quate	C f F Quate
